

SOUTHERN CALIFORNIA TRACON AND LAS VEGAS TRACON LETTER OF AGREEMENT

SUBJECT: Required Routes
EFFECTIVE: 11/11/2021

PURPOSE

This agreement defines route requirements between the Southern California TRACON (KSCT) and the Las Vegas TRACON (KL30) and is supplementary to the procedures established by IVAO and the XA division.

CANCELLATION

None

AGREEING PARTIES

Southern California TRACON (KSCT)

Wes Sleeman

Los Angeles ARTCC Chief

Las Vegas TRACON (KL30)

Wes Sleeman

Los Angeles ARTCC Chief

PROCEDURES

ALTITUDE

No flight between airports of the Southern California and Las Vegas TRACONS may be instructed to cruise above FL290. Controllers operating as Los Angeles Center (KZLA_CTR) may clear a climb above that altitude if explicitly requested by the pilot whilst in-flight. Clearances issued to aircraft on the ground may never indicate to the pilot a clearance or an expectation for flight above FL290 between airports in the two TRACONS.

EASTBOUND

Turbojet flights from Los Angeles International (KLAX) to Harry Reid International (KLAS) must be cleared along the following route:

Operations KLAX West (24L/R & 25L/R), KLAS West (26L):

ORCKA departure, MISEN transition, RNDRZ arrival

Operations KLAX Over-Ocean (6R, 25R), KLAS West (26L):

OSHNN departure, MISEN transition, RNDRZ arrival

Turbojet flights from San Diego International (KSAN) to Harry Reid International (KLAS) must be cleared along the following route:

Operations KSAN West (27), KLAS West (26L):

PADRZ departure, CHKNN transition, thence via SEBBY YELAH MISEN transition, RNDRZ arrival

All other turbojet flights from airports within the Southern California TRACON's jurisdiction to the Harry Reid International (KLAS) airport must be cleared to arrive via the MISEN transition, RNDRZ arrival

WESTBOUND

Turbojet flights from Harry Reid International (KLAS) to Los Angeles International (KLAX) must be cleared along the following route:

Operations KLAX West (24L/R & 25L/R), KLAS West (26L):

RAYDR departure, BLAQQ transition, thence direct SHTNR transition, ANJLL arrival

Operations KLAX Over-Ocean (6R, 25R), KLAS West (26L):

RAYDR departure, BLAQQ transition, thence direct SHTNR transition, MDNYT arrival

Turbojet flights from Harry Reid International (KLAS) to San Diego International (KSAN) must be cleared along the following route:

Operations KSAN West (27), KLAS West (26L):

RAYDR departure, LVELL transition, LUCKI arrival
